## FUNSTON IS IN COMMAND

American Forces Are Pursuing Villa.

FRIENDLY TO MEXICO

United States Only Desires to Punish Raiders.

Washington, March 11.—It is believed that American forces are well into Mexican territory, following President Wilson's order that approximately 5,000 troops cross the Rio Grande on a punitive expedition to "disperse or capture" Francisco Villa and his bandit gang, which early Thursday attacked the town of Columbus, N. M.

With the prospect growing of active opposition by General Carranza there is apprehension in official quarters that it means the beginning of general intervention. Publicly, however, the administration is taking every precaution to prevent such a possibility.

The decision to act was taken at a lengthy meeting of the cabinet. At its conclusion President Wilson authorized the following statement:

"An adequate force will be sent at once in pursuit of Villa with the single object of capturing him and putting a stop to his forays. This can and will be done in entirely friendly aid of the constituted authorities in Mexico and with scrupulous respect for the sovereignty of that republic."

In discussing the course to be pursued the president is reported to have declared to the members of his cabinet:

"Gentlemen, we have set our hand to the plow and must go to the end of the furrow."

Secretary of War Baker, following a conference with the president, announced that the orders were on the way. He said:

Will Use Mobile Troops.

"There is no intention of entering Mexico in force. A sufficient body of mobile troops will be sent into Mexico to disperse or capture the bandit bands that attacked Columbus. So soon as the forces of the de facto government can take control of the situation any forces of the United States then remaining in Mexico will, of course, be withdrawn."

"The forces of the United States now on the border will be immediately recruited, but only for the purpose of safeguarding the territory of United States from further raids."

The conference between the president and the secretary of war followed a four-hour meeting of the general staff of the army.

Secrecy as to the number of troops and the character of the forces to be employed was in line with the recommendations of General Funston, who urged that every opportunity be given him to surprise the enemy.

His report was scathing denunciation of the ineffectiveness and unreliability of the Carranza forces, which might otherwise be expected to punish the raiders.

It is understood the troops which will form the American command will consist principally of cavalry and mountain artillery and will be under the personal command of Major General Frederick H. Funston, now commanding the entire border army of the United States and "the man who captured Aguinaldo."

## FURTHER RAIDS POSSIBLE

Troops in Increased Number Patrol Mexican Border.

Columbus, N. M., March 11.—Federal troops in increased numbers patrolled the Mexican border near Columbus as a precaution against further invasion of American territory by Francisco Villa's bandit army, which made a surprise attack on the town, killing sixteen American citizens and soldiers and wounding many.

Villa, at the head of the main body of bandits, was reported fifteen miles south of the international line, where he halted after a running fight with pursuing United States troops.

The possibility of further bandit raids was admitted by army officers and armed civilians and state militiamen and cowboys are co-operating with the federal authorities in maintaining a border patrol.

Killed by Street Car.

St. Paul, March 11.—George F. Batroot, a saloon keeper, was struck by a street car and instantly killed. Batroot is thought to have slipped as the car neared.

## AMERICANS ON BORDER FEAR VILLA AND HIS THREATS OF SLAUGHTER

It is Said That the Entire Inland Mexican Nation will Arise Against the Invading Forces

Villa will be Proclaimed a National Mexican Hero—Funston will not go to the Interior

## WANTS PLANS KEPT SECRET

General Funston Hopes to Capture Villa Raiders.

Washington, March 11.—In a report Major General Funston told the war department he had accurate information that Villa had 3,000 troops with him; that Carranza troops in his vicinity had fled and that he advised against "frittering away the time of the army guarding small towns," while Villa might have an opportunity to escape.

He advised that plans of the army for Villa's capture be surrounded with secrecy for the sake of their success.

## ASKED TO VOTE ONLY FOR REAL NEUTRALS

St. Paul, March 11.—"The Americans of German descent are agreed that no candidate for president should receive their support who has not shown himself to be an absolutely neutral American and in whom no confidence can be placed that he will retain in the future a neutral attitude."

"The Democratic Americans of German blood are also agreed that the national committeeman of the party must be no man who in disrespect to his dignified position is engaged in munition traffic with the allies."

With this declaration the Minnesota branch of the German-American alliance, of which Julius Moersch is president and C. F. Trettn secretary, has sent out a circular letter advising German-Americans how to vote at the presidential primary on Tuesday. The letter is signed by Mr. Trettn as secretary.

A list of Democratic and Republican candidates is printed.

The names of those whom the letter says have been "found to be in full harmony with the views and desires of the German-Americans and upon whose action, if elected, full confidence may be placed," are starred.

## INDIANA PRIMARY RETURNS

C. W. Fairbanks Polls More Votes Than President Wilson.

Indianapolis, March 11.—Practically complete returns from Tuesday's primary, tabulated here unofficially, show that former Vice President Charles W. Fairbanks, candidate for the Republican nomination for president, received 17,282 votes more than were cast for President Woodrow Wilson, candidate on the Democratic ticket.

Fairbanks received a total of 176,129 votes to Wilson's 158,847.

## 150,000 TAILORS TO STRIKE

Walkout Is Due in Eastern Cities Monday.

New York, March 11.—A strike of 150,000 tailors in New York, Boston, Chicago, Philadelphia and Baltimore will be called Monday, according to a statement made by Thomas Sweeney, general secretary of the International Journeymen Tailors' union, who came to New York from Chicago.

## Carranza Asks Permission To Cross the U. S. Border

(By United Press)

Washington, March 11.—Carranza, replied to the United States government announcement that United States soldiers had entered Mexico by requesting that Carranza soldiers be permitted to cross the United States border after the lawless bands. The action appears to be reciprocated and the United States will comply. Carranza authorities are in conference with the Americans at Columbus making plans. Carranza failed to approve or disapprove of further American expeditions crossing the border.

## Villa's Murder Plans Foiled

El Paso, March 11.—Villa's plan to massacre 500 American Mormons were foiled. Carranza stopped their train and warned them of Villa's plans. All trains on the Mexican northeastern railroad have been stopped pending Villa's movements.

## Funston Not Going

San Antonio, March 11.—An official statement says that Brigadier General Pershing will command the punitive expedition against Villa. Funston is not going across the border.

## MILITARY STRENGTH OF NORTHWEST

(By United Press)

St. Paul, March 11.—The military strength of the national guards of Wisconsin is 3,300.

North Dakota—750, Minnesota—3,400, Iowa 2,500 and South Dakota 600.

## Strict Censorship on Mexico Messages

(By United Press)

New York, March 11.—A strict censorship has been placed upon all messages from the United States to Mexico cities, and all messages for Mexico via El Paso written in plain English or Spanish are subject to censorship, the cable companies have announced.

## Troops Under Orders for Quick Departure

(By United Press)

Chicago, March 11.—Three thousand and twenty troops of the central department, regular army, stationed here, are under orders to prepare for a quick departure to the border.

## Feared Villa Would Murder Mormons

(By United Press)

Washington, March 11.—The arrival of Carranzistas at Palomos has assured the safety of the American Mormons whom it was feared Villa would murder.

## NORWEGIAN BARK TORPEDOED UNWARNED AMERICANS ON BOARD

(By United Press)

Washington, March 11.—The Norwegian bark Silius, bound from New York to Havre with seven Americans on board, was torpedoed unwarned on Thursday night in Havre roads. An official message says all Americans were saved.

## Villa National Mexican Hero

(By United Press)

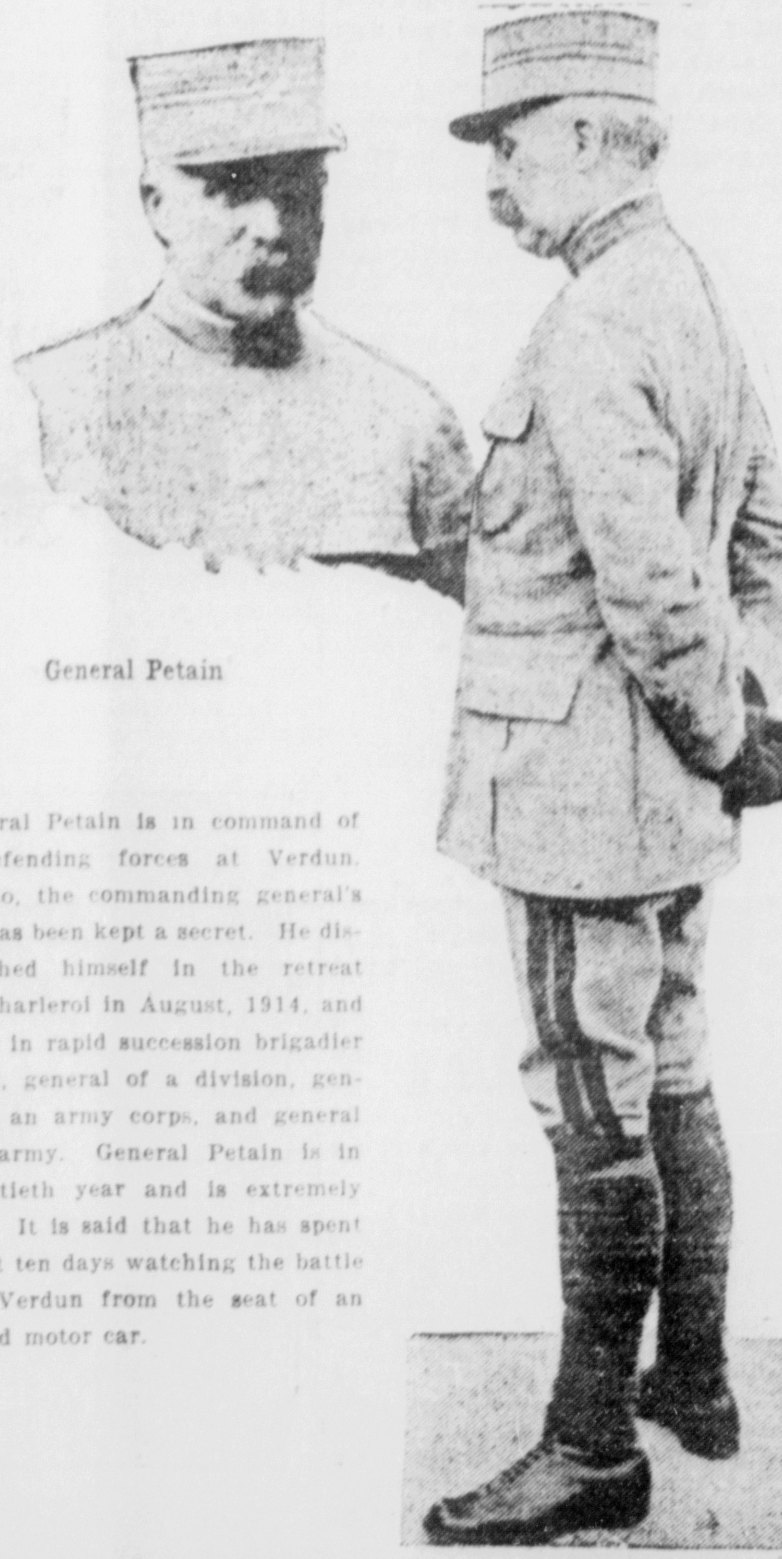

Columbus, N. M., March 11.—Captain Ysador Farias, a wounded prisoner taken following the raid here, says almost the entire Mexican nation will rise against the invading of Mexican forces. He says the American invasion makes Villa a national Mexican hero and that Villa will retire inward for a time. In the interior are thousands of Mexicans who will resent invasion and flock to his standard.

## Eighteen Americans Now Death Roll

(By United Press)

El Paso, March 11.—The death of wounded soldiers this afternoon brought the loss of Americans at the Columbus raid up to eighteen.

## Old General Defends Verdun

General Petain

General Petain is in command of the defending forces at Verdun. Hitherto, the commanding general's name has been kept a secret. He distinguished himself in the retreat from Charleroi in August, 1914, and became in rapid succession brigadier general, general of a division, general of an army corps, and general of an army. General Petain is in his sixtieth year and is extremely active. It is said that he has spent the last ten days watching the battle about Verdun from the seat of an armored motor car.

## OCCUPY PART OF CORBEAUX WOOD

Germans Make Gains North-west of Verdun.

## FRENCH CONCEDE REVERSE

Paris Claims Teutonic Losses Are Out of Proportion to the Objective Sought—French Repulse Attacks Near Douaumont and Against Village of Vaux.

Paris, March 11.—The Germans in infantry attacks launched with huge effectives, but with losses described as beyond all proportions to the objective they sought, have occupied a part of the Corbeaux wood, to the west of the Meuse and northwest of Verdun, according to the French official communication issued.

German attacks to the west of the village of Douaumont and against the village of Vaux were put down by the French. The official communication follows:

"In Artois the Germans to the west of the road to Lille exploded a mine, the crater of which we occupied. "In the Argonne forest we shelled a German column which was advancing toward the Montfaucon wood."

"To the west of the Meuse, where the bombardment had been uninterrupted, the enemy attacked with particular violence our positions in the Bois des Corbeaux."

"Several attacks were repulsed successively by our artillery, infantry and military mitrailleuse fire, which did considerable execution in the enemy's ranks."

Losses Are Called Enormous.

"Notwithstanding losses out of all proportion to their objective the Germans for their last attack used at least one division and in the course of the fighting they were able to occupy again part of the Bois des Corbeaux, which we had retaken from them March 8."

"To the east of the Meuse the enemy twice attacked our trenches to the west of the village of Douaumont. Brought to a stop by our mitrailleuse and our curtain fires the enemy was not able to reach our lines at any point."

"An attack which was prepared against the village of Vaux was stopped by our artillery and could not be carried out."

"It is confirmed that the infantry actions the Germans directed against the village of Vaux and against our trenches at the foot of the ridge on which Fort Vaux is situated cost them heavily."

"In the Woivre the enemy's bombardment, which was energetically replied to by our batteries, has been intense on Elx, Moulainville, Villers-Sous-Bonchamp and Bonzee."

## WILL MEET IN SEPTEMBER

Minnesota Federation of Women's Clubs Sets Dates.

St. Paul, March 11.—From the Anoka local convention board of the Minnesota Federation of Women's clubs has just come the announcement that the meeting of the federation in Anoka in September will be from Monday, Sept. 18, to Thursday, Sept. 21, inclusive. The local board had hoped to be able to have the meeting one week earlier, but this was impossible. The dates were submitted to Mrs. William T. Coe, the president, and Mrs. Coe gave them to the officers of the federation for approval.

## FORTY-FIVE LIVES ARE LOST

Two British War Vessels Strike Mines and Sink.

London, March 11.—The British torpedo boat destroyer Coquette and torpedo boat No. 11 have been sunk by striking mines, it is officially announced.

The announcement says the number of casualties in connection with the sinking of the warships was forty-five.

NOVEL METHOD OF ENDING HIS LIFE.

Minneapolis, March 11.—Bound in a straitjacket so that he could not use hand or foot Carl Olson, a patient at the city hospital, who had been left unguarded in bed, tore off pieces of a sheet with his teeth and shredded and swallowed pieces of cloth until he choked to death. He was found dead by Dr. George Mayos, an interne, two hours after he had been placed in the jacket.

WILLIAM J. BRYAN.

Declares Invasion of Mexico Is Justified.

Photo by American Press Association.

## BRYAN APPROVES INVASION

Says "This Is First Time We Have Had Cause to Cross Border."

South Bend, Ind., March 11.—William Jennings Bryan on his arrival here gave out a statement in which he expressed approval of the president's course in sending troops into Mexico after Villa.

"While the outrage is a distressing one and deserves the severest punishment I am glad that the president is not permitting himself to be forced into invasion by those who have been trying for two years to get this country into war with Mexico," said Mr. Bryan. "This is the first time we have had sufficient cause to cross the border."

## INDICATES BUILDING BOOM

Several Minneapolis Concerns Are Considering Plans.

Minneapolis, March 11.—With the announcement that the Pillsbury Flour Mills company is figuring on a plan for the construction of a nine-story addition to its milling plant, the first two weeks of March show \$2,500,000 in new building plans put under way or decided upon in Minneapolis.

The opening of the building season proper still is several weeks away. About as much new construction in the form of big individual jobs as is represented by the number recently begun or announced is involved in plans that are under consideration.

## MILITARY LAWS REVISED

Senate Passes Bill Abolishing Death Penalty in Time of Peace.

Washington, March 11.—The senate has passed a bill revising the laws governing the country's military forces.

The articles have not been revised since 1896. Jurisdiction of the court martial is extended over civil crimes committed by persons under military law.

The death penalty in time of peace is repealed, except in the case of spies. Capital offenses in war time are reduced to twelve. Ostracism is part of the punishment for cowardice and fraud in the case of officers.

## ROBBERS SLAY PAYMASTER

Two Men Murder Official of Philadelphia Worst Mill.

Philadelphia, March 11.—Two men jumped from a hiding place in a fire tower of the Germania worsted mill here, shot and killed a paymaster, fatally wounded his assistant and escaped with a satchel said to contain \$3,000.

Herman Kasling, the paymaster, and Walter Haupt, the assistant, were ascending the tower with the week's pay of the mill hands.

## Turk Troops Go to West Front.

Odessa, March 11.—It is reported here that Germany has given formal assurance to Turkey that she will not make peace without compensation to Turkey and that Turkey has consented to send Turkish troops to assist the Germans on the Western front. Several engineering regiments have been withdrawn from Asia Minor to Constantinople.

Mrs. W. J. Thompson is visiting in Staples.

Big Sunday Dinner at West's. 1p  
Miss Emma Reinhardt is visiting in Ft. Ripley.

Rev. C. Hougstad went to St. Paul this afternoon.

O. J. Carlson, of Deerwood, was a Brainerd visitor.

For Spring Water Phone 264. 1f

R. C. Jamison of Duluth, is in the city on business.

Big Sunday Dinner at West's. 1p

Mr. and Mrs. F. B. Winslow and their little daughter, Mary Jane, went to Minneapolis this afternoon.

The Woodhead Motor Co. has sold Ford to Otto Wendt of Brainerd and the Hudson Land Co. of Atkin.

Mrs. John Peglow and Mrs. John E. Hoffbauer of St. Paul, are visiting Mr. and Mrs. Claus A. Theorin.

Mrs. J. D. Golemboske was called to Waupaca, Wis., on account of the serious illness of her mother, Mrs. Anne M. Davis.

Mrs. Charles H. Ackerson and children of Casselton, N. D., guests of her mother, Mrs. W. H. Everest, have returned to their home.

Big Sunday Dinner at West's. 1p

Miss Elizabeth Armstrong will leave for New York city Monday to continue her studies with Oscar Seagle, the noted vocal instructor.

The telephones of the Northwestern Telephone Exchange Co. now number 1661 and linemen are kept busy running lines to new homes.

Big Sunday Dinner at West's. 1p

Mr. and Mrs. John M. Taylor went to St. Paul this afternoon where Mr. Taylor will attend a meeting of the State Federation of Labor committee. Mr. Taylor is vice president of the sixth district.

Sergeant W. Marshall, of the recruiting service of the regular army, returns Sunday morning to St. Paul. He had several applicants for enlistment in the army, but they were unfit for service.

All the wells at Spring Bay, some 15 in number, are to be connected with the pumps and a trial is to be made to see what the total flowage will amount to. The average depth of the wells is about 37 feet.

Miss Gertrude Thurnau of Fergus Falls, has been engaged as a milliner by Mrs. Terry. Miss Thurnau comes well recommended as an experienced and very artistic milliner. Mrs. Terry will soon announce her spring opening.

Miss Martha Thortenson and Lauey Bergson have returned to their home at Duluth after spending a few

days in the city, the guests of J. A. Torcan, of the Northwest Paper Company. Miss Thortenson and Mr. Torcan are cousins.

Big Sunday Dinner at West's. 1p

Evangelistic meetings will be held in the Scandia hall, corner Norwood and Thirteenth streets commencing Monday evening, March 13, Saturdays excepted, conducted by Jardine Brothers. Everybody is welcome to attend the services.

HOMES Sold—Cash or easy. Nettleton. 238tf-wtf

Miss Gladys Brown and Miss Gertrude Lyon of Little Falls, were guests of Attorney and Mrs. W. W. Bane. They witnessed the basketball game and saw Little Falls gain a victory. They returned to their homes this afternoon.

Glasses properly fitted, Dr. Long. 291tf

State library aid received in Brainerd amounts to \$48.88. The school apportionment is based on 4,374 pupils at \$2.10 per pupil, making a total of \$9,185.40. Last year the per capita was the same, pupils numbered 4,246 and the amount was \$8,916.60.

Big Sunday Dinner at West's. 1p

The state highway commission has apportioned to Crow Wing county \$17,000 from its road and bridge fund. Last year the amount was \$17,500. In order to draw the amount named, \$17,000, the county must expend for road work approximately \$12,000.

New Electric Vacuum Cleaner with all attachments for rent. Brainerd Electric Co., 710 Laurel St. 2371f

There will be a conference of the church officers and members of the various departments of the Presbyterian church this evening at 7:45 o'clock in the small room of the church. Presidents and members of the different organizations are asked to be present. Rev. Verkuyil will direct the conference.

The man who knows is the man who shows. You must learn before you can earn. The Little Falls Business College is the place to learn. 1f

Noble & Thorene are now established in their new place of business at 321 South Sixth street, near the postoffice. A fine line of wall papers has been secured. Samples have been used in the decoration of the walls, so that a prospective buyer can see just how the paper will look when attached to the wall. There is already an extensive demand for decorators and paper hangers, and Noble & Thorene are kept busy.

Planos and organs, direct from factory, and steamship tickets, for Norwegian-American, Swedish-American and Scandinavian-American lines, sold cheap by H. G. Flaata, 917 Norwood Street, Brainerd. 232 Sat-14p

At the Ministerial association on Monday morning at 10:30 o'clock, Rev. Gerritt Verkuyil, educational superintendent Minnesota and Wisconsin Sunday School department, will speak on the subject "The Pastor's Relation to the Sunday School." Mr. Verkuyil will substitute for Mrs. W. J. Lowrie who was to have read a paper on "Girl's Work in the Church and Community." All the ministers of the city are invited.

Awings, Awings at D. M. Clark & Co. Advt—217tf

The case against Arthur Boppel, charged with keeping an unlicensed drinking place, was called at 2:30 this afternoon. Defendant and his attorney, M. E. Ryan, were not present, and Edward Boppel, father of the defendant, engaged Attorney Walter F. Wieland to represent him.

The case was called and Mr. Wieland pleaded for a continuance which was granted by Judge Gastave Halvorson, and an adjournment taken to Saturday, March 18, at 10 o'clock in the morning.

Mrs. G. A. Knapp, who has been visiting in Brainerd, came back to Bay Lake Saturday. Mr. Knapp came

**BRAINERD'S ODDEST STORY TODAY**

"Ting-aling," went the Northwestern Telephone Exchange phone last night.  
And as the operator bent her head she got the message:  
"There's a burglar at our house."

A few minutes later the fire truck shot down South Sixth street with the police on board, but no burglar was found.

**Working the Air Brake.**

Contrary to the general impression, the air pressure used in the air brake on railroad cars is applied to hold the brake shoes away from the car wheels. The instant that the air pressure is released the brake shoes are forced against the car wheels, bringing the car or train to a stop. It is the releasing of the air or the passage of the air through the valves that causes the whistling noise heard under the cars.

**BAY LAKE NEWS**

The Willing Workers were entertained Wednesday afternoon by Mrs. Hall. Two members, Mrs. Harry Fuller and Mrs. Frank Fuller, were welcomed to the society. As there has been some talk of buying a piano in this district it was decided at this meeting to sell the organ, which was bought a while ago by the W. W.'s. A committee was appointed and they had the organ taken to the auction sale. The usual line of sewing was done and some took white aprons home to make up. While enjoying the delicious lunch we listened to some beautiful selections on the Victrola, each was presented with a candy favor after the lunch. Mrs. Archibald read an appropriate poem and a chapter from the Bible, all sang a song and the minutes of the past meeting were read and accepted.

Mrs. Hall spoke of the local and county contest on bread making by the young girls and all were enthusiastic and willing to help them. We meet with Mrs. John Nelson March 15th.

Mrs. Hall tells us her brother, Mr. Roy McGonagle, has accepted a position with the Pillsbury Co. at Syracuse, New York. We wish him much success.

Nick Newgard was pleasantly surprised by a few friends Wednesday evening. All members of the Willing Workers were intending to be present but for various reasons only a few could be there. A very pretty and delicious birthday cake was enjoyed by all and Mr. Newgard was presented with a token of remembrance from the society. All join in wishing Mr. Newgard many happy birthdays.

The young folks had a few games of cards at the home of Edward Rutger Wednesday evening and had a very pleasant time.

Joseph Rutger and L. P. Hall were in Brainerd Thursday between trains to attend to the appropriation of seed for this community.

About one hundred people attended the auction sale at A. N. Gray's Friday, March 2d. All seemed very satisfied with the articles they had bought and Mrs. Gray's lunch and hot coffee was pronounced good.

Nine from Bay Lake attended the band concert at Deerwood Friday evening and pronounced it very good. We thank Mr. Hall for this delightful treat as he furnished the tickets for same.

Miss Simmons, after the concert, took the midnight train to Brainerd. She returned to Bay Lake the following Sunday.

Mrs. G. A. Knapp, who has been visiting in Brainerd, came back to Bay Lake Saturday. Mr. Knapp came

with her but started on his weekly trip the next Monday.

A farewell party and dance was given in honor of Harlow Orr at the home of Mrs. Robt. Orr Saturday evening. A large crowd was present and all had a splendid time, in fact we enjoyed the "large part of the evening." A very good lunch was served at midnight. We are sorry to see Mr. Orr leave as he has been a "live member" in our neighborhood this long, cold winter.

A number of the gentlemen were present at the telephone meeting held at the schoolhouse Saturday evening. It was agreed they would offer the owner of the line now here a reasonable price and if it was not accepted a new line will be built.

The girls of over eight and under eighteen met at the home of Mrs. Hall Saturday afternoon to enter a local bread-making contest. After six local contests the winner will attend the county contest and if the winner there, will go to the state fair, all expenses paid. We hope to have a Bay Lake girl win, don't we?

A. N. Gray, Willie Rutger and Robert Powers came from Deerwood Saturday to spend the week end at their homes.

Snow! Yes, we had lots of it Sunday night. The postman had a hard trip every day this week, and Tuesday broke the tongue of his sled. So far he has only succeeded in getting as far as the "Pine Tree" corner. "IZIT."

**PROHIBITION IS DEFEATED**

Vermont Votes to Stick to Local Option Law.

Rutland, Vt., March 11.—Local option won over prohibition in this state by a margin of 14,366 votes.

The prohibitory amendment was first placed on the statute books in 1852 and was repealed in 1903 by a majority of 729. The vote on the question of re-enacting the amendment was: Yeas, 17,601; nays, 31,967.

Every county in the state, with the exception of Orleans, gave a majority in favor of local option.

A Harsh Order.

On the beach near an English town a sign bearing this legend was nailed to a post:

"Notice.—Any person passing beyond this point will be drowned. By order of the magistrate."

**How He Got Even.**

"Getting even" is a hazardous undertaking. A Philadelphia lawsuit, originally involving less than \$60, ended a long course through the courts with costs aggregating over \$15,000. The plaintiff got the \$60 sued for, but his lawyer's bill was \$15,000. He is \$14,940 to the bad, but he has "got even," for the other fellow had a lot more to pay.—Christian Herald.

At the Best Sunday

A Harsh Order.

On the beach near an English town a sign bearing this legend was nailed to a post:

"Notice.—Any person passing beyond this point will be drowned. By order of the magistrate."

**How He Got Even.**

"Getting even" is a hazardous undertaking. A Philadelphia lawsuit, originally involving less than \$60, ended a long course through the courts with costs aggregating over \$15,000. The plaintiff got the \$60 sued for, but his lawyer's bill was \$15,000. He is \$14,940 to the bad, but he has "got even," for the other fellow had a lot more to pay.—Christian Herald.

Dangers of Draft  
Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result in Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your druggist.—Advt. tfs

The only safe place for your money is in the "BANK." You always know where it is and you can get it when you want it.

In our bank you can open a household account and pay your bills with a check. This will give you "a standing" with the merchants—and your checks are legal receipts. It also helps you to keep your accounts straight.

Put YOUR money in OUR bank.

## "ANURIC!"

### THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original Little Liver Pills. One Little Pellet for a laxative—three for a cathartic.

### ENJOYABLE ENTERTAINMENT

Junior Symphony will Repeat Program Rendered at Library Hall on Afternoon of March 17

The program to be given by the Children's Hour and Mr. Bergh will occur at the opera house on Friday afternoon March 17th, instead of evening as stated in the Dispatch last night.

The Junior Symphony of 30 members will repeat the same program as rendered by them two weeks ago at the Library hall, and they will be heard in four orchestra numbers of six quartettes. This junior orchestra completely captivated the audience at the recent concert and owing to the small size of the hall it has been deemed advisable to repeat the program at a time and place where all can be given an opportunity to hear them to advantage.

The two reel feature of bird life entitled "The Spirit of Audubon" is an added attraction. This film is sent out from the central committee of New York to be exhibited throughout America as a plea for the preservation of bird life and showing the habits of birds we see every day.

Bird Lore, the publication issued by the Audubon Society, has the following to say regarding the protection of birds:

From the time when Abbott H. Thayer, back in 1901, first directed public attention to the value of guarding and protecting breeding colonies of water-birds, the Audubon Society's effort in this line has increased annually. At the present time, our wardens guard almost every colony of importance on the islands and beaches of the Atlantic and Gulf coasts of the United States. Many nesting colonies in the interior of the country likewise receive this protection.

During the summer of 1913, about 2,000,000 water birds, embracing many species, are believed to have been gathered in the rookeries, made safe from intrusion by the National Association's agents. The most hazardous positions in connection with this work are held by those wardens who in the Southern states stand guard over the colonies of White Egrets.

Thanks to the very liberal support which the members and friends of the Association have provided during the past few years, we have been able to seek out these colonies, which are usually hidden deep in the cypress swamps, and safeguard them during the season when the birds bear plumes. Some killing of course still goes on, especially at the feeding grounds, miles away from the rookeries, but the great slaughter in the United States has been checked. Already the birds are showing a marked increase in several important regions of the south. We may yet be able to bring these birds back in great numbers.

### Colds Quickly Relieved

Many people cough and cough—from the beginning of fall right through to spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery today. "It is certainly a great medicine and I keep a bottle of it continually on hand," writes W. C. Jesseman, Franconia, N. H. Money back if not satisfied.—Advt. tta

## WOMAN'S REALM

### "THE BUILDING OF A PROGRAM"

Rev. Gerritt Verkuyl Spoke on This Subject at School of Methods being Held Here

### PICTURE WORK IN THE BIBLE

Rev. W. E. Risinger Spoke of the Possibility of Pictorial Work by Minister and Teacher

Last evening at the Baptist church there was an excellent attendance at the session of the School of Methods. Rev. Berglund, of the Swedish Baptist Sunday school department, had charge of the opening exercises. Rev. Gerritt Verkuyl spoke on the "Building of a Program." He spoke of the necessity of planning a program for the Sunday school; the necessity of unity; of variety, and of discipline.

Rev. W. E. Risinger spoke concerning picture work in the Bible. He took a number of incidents in the life of Christ and by skillful word coloring brought the theme vividly before the hearers. He spoke of the possibility of pictorial work by the minister and teacher impressing the truth of the lesson upon listeners.

There will be no session this evening. Tomorrow the speakers will occupy their own denominational pulpits. In the afternoon there will be a union meeting in the Swedish Baptist church at 3 o'clock.

The sessions of the school have been of interest and profit to the people who have come. Tomorrow it is hoped that there will be many present who up till the present have not been able to attend.

### Gratuitous Club Treat

Mrs. W. A. M. Johnstone has extended an invitation to the musical club members with privilege of inviting a friend, to hear Miss Gladys Nitterauer in a piano recital at Elks hall next Wednesday evening. As Mrs. Johnstone's home could not comfortably accommodate all who wish to attend the recital, she generously made the above arrangement.

### YOU'RE BILIOUS! LET "CASCARETS" LIVE! LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour

Get a 10 cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—Never gripe or sicken.—Advt.

### The Dog's Tail.

Why is the center of a tree like a dog's tail? Because it is farthest from the bark.

### SHARPS AND FLATS

We are not here to explain why music should be cultivated, nor to apologize to superior minded persons for its existence, nor to speak humbly and with bated breath of its merit; but we claim for it boldly and proudly its place among the great influences in the world. It is the voice of the heart and the universal language of the soul, and to be in a small way governed by its great influence, is not only a pleasure but a privilege—one may be born a musician—but even then one has much to learn. The ambitious person must study. When God gives us talents He expects us to develop them. We should not be content with being able to do what anyone might accomplish with a little patience, we should endeavor to excel.

Brainger has few organizations of which it can feel so proud as the Brainger Symphony orchestra. After recalling the great progress made in a little less than a year, when the orchestra was organized, we feel worthy of the great interest being taken in our effort to excel.

Being a member of the orchestra, our view point differs from being one of the audience, much as the popular song goes, "I'd Rather be on the Outside Lookin' In—Than to be on the Inside Lookin' Out." Except that we prefer to be on the inside. We perhaps notice the improvement in detail whereas the auditor notes the improvement as a whole, and in no case has there been a loss and in a hundred cases there is a great improvement.

One member of the orchestra whose work deserves appreciation is Miss Witham, who, at the piano greatly assisted Mr. Bergh in pulling the orchestra together at times when the movements were so contrary as to defy direction. Personally, the writer realizes and appreciates as does the whole orchestra, Miss Witham, knowing of a time or two when she took the initiative, carrying melody and filling in, showing her interest in more than her individual part.

We are all pleased with our work at the last concert, and with the work of our soloists. Mrs. Flaaten had a good voice and knows how to sing well and is a musician. Carl Swanson sang well and met with the approval of all, as he knew his music, which is always comforting to an audience. Miss Mildred Skauge, his accompanist, played the introduction to the "Song of the Sword" as it should be played, paying particular attention to avoid a piano solo to effect which identifies the excellent accompanist.

The audience was most appreciative and were the real lovers of music of Brainger, coming through snow enough to discourage the ordinary patron, and the attendance, considering, was unusually large.

A movement is on foot to have the orchestra tour the nearby cities before the close of the season.

The next regular rehearsal will be Saturday, March 18th in Library hall.

The hospital orchestra postponed the concert to be given last Thursday, but will play next Thursday without fail at St. Joseph's hospital at 4:30 o'clock.

A repetition of the concert given in library hall by the Junior Symphony orchestra, will be given in the opera house March 17th, St. Patrick's day in the afternoon, free to the school children of Brainger.

Last but not least, we wish to remind you of the concert to be given by the Brainger City band the latter part of this month. While we do not believe it, they claim to have the only base drum soloist in the country. We'll go to see—not sea.

### Methodist Aid

On Thursday afternoon, March 16, the Methodist Ladies' Aid society will be entertained in the parlors of the church by Mrs. T. H. Crosswell and Mrs. Olaf Skauge. Every lady is invited to be present.

### Deceitful Billy.

Mother (sternly to young married daughter)—Really, my dear, I am as astonished at your allowing Billy to attend that farewell supper to Mr. Soakum. I understand it was a most disgraceful affair.

Daughter (indignantly)—Why, mother, how can you? I am quite sure it must have been very sad. Billy distinctly told me the men filled right up, and even the main speaker of the evening was too full for utterance.—St. Louis Globe-Democrat.

### Tears of Recreation.

"Do you ever make your wife cry?" "Sure. I buy her matinee tickets to see every emotional actress who comes to town."—Washington Star.

## WHERE TO WORSHIP

Norwegian-Danish Lutheran—No services morning and evening. C. Hougstad, pastor.

Zion's Ev. Luth. Church—corner Main and Broadway. German service Sunday morning at the usual hour 10:30. German and English Sunday school at 9:30.

German Evangelical Church—First Sunday in Lent. Morning service at 10:30. Sermon by the pastor in the German language. Bible school at 9:30. Rev. W. Riemann, pastor.

Christian Science church—Services every Sunday at 10:45 a. m. in the Camel hall, third floor, Iron Exchange building. No evening services. All are welcome. Christian Science Sunday school at 10 o'clock.

Bethlehem Lutheran Church—Services Sunday evening at 7:45 o'clock. Theme of sermon "The Seven Sisters." The choir will sing. No morning services. The pastor will be at South Long Lake.

St. Francis Catholic church—Mass on Sundays at St. Joseph's hospital at 6:30 A. M. Mass at St. Francis church Sundays 8 A. M., children 9 A. M., high mass at 10:30. Evening service at 7:30. Sunday school from 9:30 to 10. Mass week days 8:15 A. M. at St. Francis church and at 6:30 St. Joseph's hospital.

Swedish Mission Church—Morning service at 10:30, evening sermon at 7:30, Sunday school at noon with classes for all ages. Young Peoples society meets at 6:30. Communion services at 3 o'clock to which are invited all who love our Lord in sincerity and truth. Theodore Clemens, pastor.

Evangelical Church—Corner of 4th Ave. and Forsythe Sts. N. E. Sunday school at 9:45 a. m. Morning worship at 11:00 a. m. Y. P. A. at 7 and evening service at 7:45 p. m. Teachers' meeting at 7 and midweek prayer meeting at 8 p. m. on Thursday. A most cordial invitation is extended to all. E. F. Brand, pastor.

First Baptist church—Morning worship at 11:00. Rev. W. E. Risinger of St. Paul will preach. Evening service at 7:30. Rev. Berglund will preach the sermon at this service. At the morning service Mrs. G. A. Beale will sing a solo with accompaniment by Rev. Risinger. Bible school at 9:45 a. m. B. Y. P. N. at 6:30 p. m. Visitors and strangers are always welcome. Rev. R. E. Cody, pastor.

St. Paul's Episcopal church—First Sunday in Lent. 8:30 a. m., holy communion. 10:30 a. m., morning prayer and sermon. Subject "Prevaling Prayer." 11:45 a. m. Sunday school. 7:30 p. m. evening prayer and sermon. Subject "Our Great Need." Special music: the cantata "The Holy City." "Thine is the Kingdom." "No Shadows Yonder." "Great and Marvelous are Thy Works." Miss Harrison will sing a solo entitled "Eye Hath Not Seen." All are welcome to the services.

The themes of Rev. G. P. Sheridan's sermons for this Sunday are as follows: "The Discouragements of Jesus;" and "The Use and Abuse of the Bible." At the morning service the choir will render special music; Prof. C. J. Swanson will sing a solo at the evening service. The times of services will be as follows: Morning worship 10:30; evening worship 7:30; Bible school 11:45; Young Peoples meeting 6:45. We cordially invite you to worship with us. Rev. G. Phil. Sheridan, Minister.

Presbyterian Church: Morning worship and praise at 10:30 o'clock. Rev. Gerritt Verkuyl, Ph. D., of Appleton, Wis., will speak on the theme "Instead of Thy Fathers." The male quartet will sing. In the evening at 7:30 Rev. Verkuyl will speak on the subject, "The Culture of Reverence." The evening chorus will sing. Sunday school meets at noon, and the Christian Endeavor at 6:30. In the Afternoon there will be a union meeting of the Baptist, Swedish Baptist and Presbyterian churches at the Swedish Baptist church at 3 o'clock. Mr. Verkuyl's subject will be: "God's Way of Teaching." An invitation is given to these services. W. J. Lowrie, pastor.

Swedish Baptist church, Oak and 16th Sts. Morning worship at 10:30 with sermon by Rev. M. Berglund of Cambridge, State Sunday school Director for the Swedish Baptists. The Sunday school meets at 12 o'clock with special interesting features. At 3 o'clock a big special service will be held in this church, several churches and Sunday schools uniting. The Sunday school experts visiting our city will be present and speak and a very helpful service is expected. It will be held in English so all can understand. The Young Peoples' service begins at 7 o'clock. The evening service begins at 7:30.

Bergh; anthem by the choir: "How Lovely is Zion" Verahkul; soprano solo, "No Night There" Danks, Miss Lucile Darling; duet, "White as Snow" Miss Anna Erickson, Steve Nicholas. You are cordially invited to worship with us.

### A Carlyle View.

Carlyle compared the advance of the world to the progress of some drunken man who, reeling from one side of the street to the other, slowly and at the expense of much wasted effort finally arrives at his destination.

### Looking Backward.

"Boss, I can't live on \$2 a week any longer." "Stick it out for awhile," urged his thrifty employer. "Think of how you can brag about it when you've made your fortune, my lad."—Louisville Courier-Journal.

### Naturally.

Muggins—Those two fellows don't seem to be on very good terms. Bugzins—No; they are rival dentists. Muggins—Don't pull together, eh?—Phila delphia Record

### Hardly Polite.

"Don't you think the baby favors his father?" "Hm! Looks like him, but I wouldn't call it a favor."—Baltimore American

The making of friends who are real friends is the best token of a man's success in life.—E. E. Hale.

### LORD SHAUGHNESSY.

Opposes Borden's Plan to Recruit 500,000 Men in Canada.

Photo by American Press Association.

### SAYS PLAN IS IMPRACTICAL

Lord Shaughnessy Advises Canada to Go Slow in Recruiting.

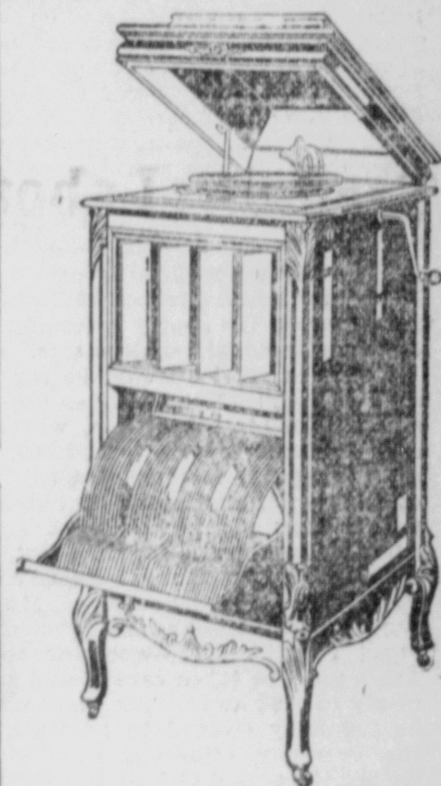

Montreal, March 11.—Lord Shaughnessy, president of the Canadian Pacific Railway company, is opposed to the plan of Sir Robert Borden, Canadian premier, to raise the Canadian contingent in the European war to 500,000 men.

Addressing a meeting of business and military leaders held here to encourage recruiting Lord Shaughnessy said he did not regard the plan as practical and that if Canada was to attempt to raise 225,000 men in addition to its present army it would cause a serious draft upon the working population.

Lord Shaughnessy advised that Canada go slowly about recruiting, saying that some of the first Canadian contingent still are in camp in England, while 130,000 men, representing an outlay of probably \$12,000,000 a month, still are in Canada with no prospect of being moved to Europe for a long time.

### An Ideal Spring Laxative

A good and time tried remedy is Dr. King's New Life Pills. The first dose will move the sluggish bowels, stimulate the liver and clear the system of waste and blood impurities. You owe it to yourself to clear the system of body poisons, accumulated during the winter. Dr. King's New Life Pills will do it. 25c at your druggist.—Advt. tta

SATURDAY, MARCH 11, 1916

## CUMMINS OR HUGHES

Judge C. A. Allbright, of this city, who is a candidate for district delegate to the republican national convention in an interview with the editor of The Dispatch this afternoon regarding his choice of candidates said:

"In reply to your inquiry, I beg to advise that if elected as delegate, I expect to comply with the wishes of the republican party as expressed at the election which probably will be to elect Senator A. B. Cummins for president.

Should he be eliminated, the law does not provide, and I will use my best judgment and work in harmony with the other delegates in selecting a nominee who will likely meet the approval of all factions of the party, one upon whom the party can unite. I am not wedded to any particular man, Justice Hughes would meet my approval, but I would be open to conviction and would expect to have the counsel and advice of republicans in the Sixth district in making the selection."

## FOOD FOR THOUGHT

Under the heading, "The Problem of Heating," the Little Falls Transcript editorially discusses the subject in an interesting manner and the article is reproduced below. The subject of municipal heating plants is not a new one but as yet a plan does not seem to have been devised applicable to the needs, although in a few cities a system of community heating is being carried on. The Transcript says:

Were we really as progressive as we should be all heat would be furnished by a central plant and be conveyed through the proper conduits about the city. There is no more reason why light, water and telephone service should be installed and the business man or the householder receive these various services, paying for what he has consumed, than that the same premises should be supplied with heat in some similar manner.

Some day we confidently expect to be able to control our own heat, turning on or off the supply according to our own personal requirements. But such service would be expensive, you say? Not nearly so expensive as the present system, wherein every building owner (or tenant, as often happens) is compelled to first of all pay for and install an individual heating plant. He must feed, maintain and care for the same, often paying a salary regularly to some janitor for the service. Housing accommodations must be provided for the fuel—wood or coal. Ashes must be taken care of and regularly carried away. The plant must be regularly cleaned in addition to the everyday attention it receives during the period of heat furnishing. And even when all this expense has been entailed the consumer—he who pays for the service (and all these various items of expense figure in

the consummate heating whole)—often receives heat in inadequate quantities for his own needs or at unreasonable periods of the day or night.

Some day—and that soon—the problem of heating will be better solved than now. The consumer will be able to have heat when and in what quantities he desires it. The big heating plants will be in continuous service day and night—like our lighting plants are today. The consumer may turn the supply on or off at will. No longer then and in that good day will clouds of soot envelop the city at firing up times, for the one big plant which supplies the town with heat will be running continuously and proper attention will be given to smoke consumption always and no possible heat units will escape.

On some lines we cooperate and study present day problems of efficiency. On others we are still in the dark ages as far as our degree of practical enlightenment consists. The individual heating plant belongs to antiquity.

Let us cease prating of our efficiency until we have taken up, carefully considered and practically solved some of the really perplexing problems of the day.

The heating problem is still before us—unsolved.

When co-operation takes the place of compete and co-operation supercedes competition, then we shall begin to think, work and live on firmer, truer principles than those on which we seek to weave our social, economic and industrial fabric today.

The periodical attempt of Brainerd to steal the county fair from Pequot is again up for discussion. It really looks as if Brainerd will be compelled to finance a fair of their own if they want one—the statutes protect the Pequot fair. Of course the shoe-string formation of the commissioner districts might deprive the Pequot fair of the county aid, but the fair will live on without that aid, if necessary. —Pine River Sentinel.

The sympathy of the Cass county friends of the Crow Wing county fair is misdirected. No one is trying to steal the fair from Pequot, as we understand it, and the gentlemen interested understand that they will have to finance their own fair—in fact that is what they intend to do if the matter is carried to a final conclusion. There surely can be no objection, serious objection we mean, if this city desires to exploit a fair of its own—especially from Cass county.

That the city of St. Cloud will be well governed the coming four years goes without saying. The five newspaper men of that city are the only persons whose names appear on the ballot as candidates for city councilmen. Alvah Eastman, Colin F. McDonald, Henry Z. Mitchell, George L. Rosenberger and Frederick Schlipf. Criticism of the city government appearing in any of the newspapers of St. Cloud will be understood to be made from a perfect understanding of affairs in the future.

The Hill City News says that Charles H. Warner will again be a candidate from the Aitkin district for the legislature and that in all probability he will have no opposition. The News is correct when it says that Mr. Warner has made good as a representative from that district and his ability is not only known to the people of his district but elsewhere about the state and he is being prominently mentioned in many quarters as a leading candidate for speaker of the house.

A New York dispatch says that automobiles are going into storage with gasoline at from 25c to 30c a gallon and if the high price continues, even the rich and well-to-do will curtail the use of cars. In evidence of the gasoline agitation Representative Bristol, of Illinois, has introduced a bill putting an export duty of 50c a gallon on gasoline which would prevent gasoline from being exported.

The department of commerce recalls an appeal made to the women of New England in 1801 by the paper makers to save their rags in an appeal to the people of the country now to hoard both rags and paper to avert a shortage of paper making material. The need is said to be urgent now as then, and the suggestion is at the request of the paper manufacturers themselves.

A St. Cloud woman was divorced for 15 years and only learned of the decree when she made application for a widow's pension from the government which was denied on the grounds that she had been divorced. An application has been started to set aside the decree on the grounds that her husband had sworn falsely that he did not know where his wife was.

The Indian committee of the senate has provided for the appropriation of \$250,000 for Indian missions and schools in the Sioux territory, which embraces Minnesota. Educational facilities are to be provided in

sections where complaints have been substantiated showing that the need existed.

An alien, in making application for citizenship at Fargo, was asked if he belonged to any organization or society that was dangerous to the welfare of the United States, and his reply was: "Well, I'm a democrat, if that's what you mean."

"Hats off to Nelson," says the St. Cloud Journal-Press. "Senator Knute Nelson was the only representative of Minnesota who voted against congressional interference with the president in his diplomatic controversy with Germany."

If one took off his hat to Senator Nelson every time he did the right thing at the right time, it would simply be a case of hats off all the time.

## In Grip of Fear of Villa's Threat

(By United Press)

El Paso, March 11—While the American troops are planning to cross the border before night the border country is in the grip of an awful fear. Villa is reported as planning to slaughter Americans. Since the Santa Ysabel massacre this is reported to be Villa's object in racing to overtake the trains on which the Mormon refugees are leaving Mexico.

## American Steamer Captured by British

(By United Press)

Washington, March 11—The American steamer Edna, formerly the Mexican steamer Mazatlan, owned by Sudden & Christensen of San Francisco, has been captured by a British cruiser and taken to Fort Stanley in the Falkland Islands.

## Must Stand Trial

(By United Press)

Chicago, March 11—Federal Commissioner Foote ruled that George Bissett and Edward Leonard, held for the St. Paul million dollar federal stamp robbery, must stand trial.

## Up to Them Go When Ready

(By United Press)

Washington, March 11—Secretary Baker says it is not known if the U. S. troops have actually crossed the border yet. He said it was up to them, they have their orders and can go when they are ready.

## Robbers Steal Pianos

(By United Press)

St. Paul, March 11—Robbers have entered the officers' homes at Ft. Snelling and carried away pianos and other articles.

## State National Guard Probably Called

(By United Press)

St. Paul, Minn., March 11—John Carmody, a former officer of the Minnesota national guard now at Washington, wired that the indications were the guard would be called to Mexico and says he tenders the services. The officials here have declined an explanation, but admitted getting the Washington dispatches. Inefficient officers of the guard are being asked to resign.

## Committee Approves

(By United Press)

Washington, March 11—The Senate Foreign Relations committee in a meeting called by Senator Stone squarely and unanimously approved all the administration has done in the Mexican affair.

## GERMANS ADVANCE

(By United Press)

Berlin, March 11—An official statement says unexpectedly attacking French positions in the vicinity of Rheims, the Germans penetrated the French positions two-thirds miles on the 1400 yards front.

## FRENCH LOSSES HEAVY

Berlin, March 11—It is semi-officially stated that French losses up to March 1st are two and a half million.

## GERMAN HYDROPLANE BOMBARDS SQUADRON

(By United Press)

Berlin, March 11—A German hydroplane bombarded the Russian squadron, consisting of one battleship, some destroyers and several merchantmen, in the Black sea yesterday. Flames were noticed on a destroyer after the engagement.

## WASTING LIVES RECKLESSLY

(By United Press)

London, March 11—The sudden thrust of the crown prince into the Corbeaux woods northwest of Meuse, has imperilled the French positions on the five mile front, dispatches said. The Germans are wasting lives recklessly in attempting to push forward to Forges on Cumisres road.

## GERMAN ATTACKS REPULSED

(By United Press)

Paris, March 11—The Germans have launched another violent attack against the village of Vaux and Fort de Vaux, all attacks being repulsed. The Germans captured a few houses at Vaux village, says an official statement.

## THOMAS E. YERXA IS DEAD

Was Head of Big Firm in Minneapolis Retail Trade.

Minneapolis, March 11.—Thomas Edward Yerxa, who for nearly a quarter century was the head of one of the most prominent firms in the Minneapolis retail trade, is dead at Sierra Madre, Cal. For twelve years Mr. Yerxa, who was sixty-seven years old, had lived on an orange ranch near Pasadena, leaving the direction of his business of Yerxa Brothers company, Minneapolis, to his sons. He was president of that company and the Yerxa Realty company.

Mr. Yerxa was born in St. John, N. B., and came to St. Paul in early life. He identified himself with the mercantile trade and had experience in the grocery business in Pembina and Fargo. With his brother, W. A. Yerxa, and the late F. R. Yerxa, he started a grocery business in Minneapolis.

## Imitative Monkeys

Monkeys never wash or bathe, though they have, as a rule, every chance to do so. Possibly experience has taught them to be afraid of crocodiles, which are pretty generally distributed on monkey haunted rivers. It is said that a number of Indian monkeys watched a party of Europeans in a boat who washed their hands and brushed their teeth. Next day the monkeys were seen to come to the river side and go through the form of washing their hands and of brushing their teeth with bits of stick.

## Sweden to Sweep Mine Field.

Stockholm, March 11.—The Swedish government has decided to remove the German mine field off Falsterbo, which caused the loss of the steamer Martha. The press supports the government in this decision and several newspapers declare the German object in the laying of these mines is to prevent all traffic between the Baltic and the North sea.

## Dust in His Eyes.

"To throw dust in the eyes" originated in the early days of Greece, for Epaminondas, wishing to surprise the Lacedaemonians, had 1,000 cavalry advanced in front, causing a great dust, which the wind blew in the face of the enemy, blinding them to the discovery of a flank movement he was executing in order to take the coveted heights in their rear.

## CURMA'S COLOSSAL BUDDHA.

This Statue is Said to Be the Largest in the World.

The largest monument of the human form existing in the east today, if not in the world, is the great reclining statue of Buddha near Pegu, in Burma, around which the government erected a building with lattice steel pillars to protect it from the elements. This colossal was brought to light during the construction of the railway that runs northeast from Rangoon to Mandalay.

While the permanent way was being banked up to protect the lines from occasional floods the engineer in charge required for the purpose of his work a harder ballast than the alluvial deposit over which the line was running could give him. Less than a mile away was a tree clad mound, and here, it was thought, suitable material might be found. The task of clearing away some of the trees took but an hour or so, and then shafts were sunk to find the needed stone. Before the diggers had gone down more than a yard they struck an enormous and fairly preserved figure of Gaurama.

In actual length the statue is 180 feet and fifty feet high at the shoulder. The figure and its pedestal are of brick, covered with plaster. Since its discovery the plaster has been removed and painted over, the box at the head and the finger nails gilded and the headdress decorated with glass jewels. The statue is thought to be about 500 years old, but no one knows its history, no reference whatever being made to it in Burmese legends or traditions.—Wide World Magazine.

## The Roman Forum.

The Forum was originally a market place and only by degrees became the center of Roman civic and political life. About B. C. 470 it became the place of assembly of the people in their tribes and was gradually adorned with temples and other great public buildings. The Roman forum—the Acropolis at Athens alone excepted—is perhaps the most thrillingly interesting spot on earth to such as know and appreciate the teachings of history. From the forum came the august laws which governed the then known world for more than a thousand years.

- a DEFINITE Service
- that does 41 DEFINITE things
- does them REGULARLY
- over a period of SIX months
- without a dollar's charge

That is

## Service

It is the ONLY Service in existence today that is designed to PROTECT your car and also teach you how to take care of it, by making 41 distinct and agreed upon inspections, oilings and adjustments, regularly on stated days for SIX months. It is not a promise—not a device that

sounds like service—not one of those offhand invitations to "drop in at any time"—but a DEFINITE Service that we INSIST on your getting—that insures 100% more pleasure in the use of your car, not to mention vastly decreased maintenance costs. Come in and let us prove it.

## ARRESTED ON FORGERY CHARGE

E. A. Crocker, Also Designated Crocker, Taken in Custody at Iron Exchange Hotel

## ON LITTLE FALLS WARRANT

Deputy Sheriff Took Him to Little Falls on the Early Morning Train, Wife Accompanying

Charged with forgery, E. A. Crocker, registering as from Minneapolis, was Friday evening taken in custody by the police on a warrant from Little Falls, who found the man in company with his wife as guests at the Iron Exchange hotel.

Crocker told the police he was not guilty and that the matter was a family quarrel. He said his father-in-law had made the complaint. Crocker and his wife, have been living with his mother-in-law at Little Falls and have also resided in Minneapolis. The parents of his wife are not living together, said Crocker to the police.

The Little Falls Transcript states that "Crocker" is charged with endorsing the name of Mrs. Brussels, who lives on the West side, to a check and passing it at Peter Wilsek's butcher shop. He has been in Little Falls and in Minneapolis.

A deputy sheriff from Little Falls took Crocker to Little Falls on the early morning train and the case will be threshed out in the courts. Mrs. Crocker accompanied her husband.

## BRAINERD LOSES

Little Falls 25, Brainerd 24, in Basketball Game at Local Auditorium Friday Night

Brainerd lost to Little Falls in the basketball game played at the high school auditorium on Friday evening, the score being 25 to 24. At the end of the first half Brainerd was ahead one point, the figures reading 16 to 15.

Wm. C. Deering, of Crosby, was referee. Levine starred for Little Falls, and the work of the forward contributed to the victory. Reia and O'Brien, forward and guard, starred in the Brainerd lineup.

Sims and Belanger, of Little Falls, making for personal fouls, were taken out. Warner, of Brainerd, was taken out too.

## FEDERAL AGENTS RELEASE LIQUOR

Civil Win over Federal Authorities in a Clash for Possession of Two Dray Loads Liquor

## THE SHERIFF'S LEVY HOLDS

Indian Department Releases Same and Stuff is Shipped Out of Territory to Duluth

On May 17th, 1915, at a time before the Indian bid was enforced, when the police raided the place of W. T. Larrabee, they seized a considerable quantity of liquors to be held in their possession as Court officers for evidence and pending Larrabee's trial for keeping an unlicensed drinking place. Larrabee was convicted in the municipal court but appealed to the district court, and on February 24th, 1916, at 9 a. m., was acquitted and the liquors ordered released by the judge of the district court.

At this time the sheriff made an attempted levy on said liquors on a writ of attachment obtained by the O'Brien Mercantile Company but found these liquors in the possession of E. G. Boyd and Henry Squires as agents. Squires had previously held the possession of these liquors as chief of police and court officer.

Friday, Mr. Boyd, acting upon instructions from the Indian Department, turned these liquors over to Claus A. Theorin as sheriff, who in turn delivered them to the O'Brien Mercantile company on the writ of attachment for immediate shipment out of the Indian territory. Late Friday afternoon there was quite a lively time at the old city lock-up packing these goods for shipment in the presence of Special Agents Boyd and Carson, Sheriff Theorin, Chief of Police Squires and W. F. Wieland as attorney for the O'Brien Mercantile company. The goods as soon as packed were delivered at the freight office for shipment out of the Indian territory to Duluth.

**How to Drive Horses.**  
In making a long drive let the horses start out slowly for the first few miles. You can then increase their speed and the trip will be made in shorter time than if they had been driven fast at the start.—Farm and Fireside.

## DEVELOPMENTS OF WEEK ON RANGE

Praiseworthy Feature of Cuyuna is That Less Moisture Appears in the Ore

## WILCOX TO SHIP 120,000 TONS

200 Men Working at the Kennedy Mine—The Week in Options and Leases Recorded

One of the most praiseworthy features of the Cuyuna iron range is the fact that less moisture is being encountered in the ore, thus increasing its value.

The Wilcox mine of the Canadian-Cuyuna Ore Co., at Woodrow, put 6,500 tons on their stockpile during February. There is less water being pumped there now than at any time since the ore was first encountered and this is taken to show that the deposit will dry out the same as the Kennedy mine deposit did. At the Kennedy for the first year, the ore carried 14 per cent moisture, but since the mine has been opened up, the ore has dried up and it is reported the ore now does not carry 10 per cent moisture.

Last season the Wilcox ore had about 14 per cent moisture and it is expected that it will be much less this season. All the pumps are being given a complete overhauling and extra parts made ready and everything being done to prevent any delays during the season. The Wilcox will ship 120,000 tons during the season of 1916.

In sections 29 and 30, township 45, range 30, drilling is being carried on in the fifth hole. Ore has been found in all. Hole No. 4 gave 70 feet of extra good ore and equal to that of the Wilcox. The ore is reported to be non-besemer. This property is right on the main line of the Northern Pacific railway.

The Loneyar Exploration Co. is drilling east of Brainerd, within a short distance of the city limits. The Adhar exploration company has received its two Cameron pumps at the Tabert shaft east of Brainerd and west of Woodrow. A 750 horse power electric pump is being installed, current to be furnished by the Cuyuna Range Power Co. The Tabert shaft is down 50 feet.

At the Kennedy mine of the Rogers-Brown Ore Co., at Cuyuna, 200 men are employed with Capt. A. G. Anderson in charge. The payroll averages \$15,000 monthly. There are 75,000 tons in stockpile and the output for the season will be approximately 300,000 tons. It is rumored that magnificent ore of most excellent quality has been uncovered in a new deposit at the Iron Mountain mine.

There has been filed an extension of the option of I. Bjornas and wife, of Ironton, to the Lake Shore Improvement Co., covering land in the southwest quarter of the northwest quarter and the northwest quarter of the southwest quarter of section 2, township 46, range 29. An option contract has been released, filed by W. E. Parker and others, to Tom Pederson, and covering the northwest quarter of the southwest quarter of section 1, township 45, range 30, and the southeast quarter of section 2, township 45, range 30. A sale of some magnitude was that of Mary Bertagnoli, of Ironton, formerly Miss Aune, to Reiner Hoch, for approximately \$18,000, and covering lots 3 and 4 in section 2, township 46, range 28.

The Cuyuna Iron & Townsite Co. has sold to the Cuyuna Section 29 Mining Co., the northwest quarter of the southwest quarter of section 29, township 46, range 28. The Cuyuna No. 1 Iron Co. has sold to the same company the southwest quarter of the southwest quarter and the northeast quarter of the southwest quarter of section 29, township 46, range 28. Peter J. Keeley has sold to Lina P. Dolan an undivided eighth interest in the land and minerals in the west half of the southwest quarter, the southwest quarter of the northwest quarter of section 20, township 136, range 25. John Nilsen has given an option to W. A. Hicken, of Duluth, the land covering the south half of the northwest quarter of section 7, township 45, range 29. \$500 is paid for the option, giving the privilege of exploring for iron in a year's period and the right to purchase the eighty acres at \$100 an acre.

Mining operations have started at the Pennington, a shovel and two dump trains working. More will be added as the weather improves and when the ore season is near at hand, approaches will be enlarged. The George S. Carson property in section 23, township 48, range 27, nine miles north of Aitkin is to be explored. Two of the Crosby Exploration Co. drills are on the place.

The Inland Steel Co. mines at Crosby and Ironton, the Armour No.

1, No. 2 and the Thompson, will be heavy shippers this season. The Meacham mine of the Rogers-Brown Ore Co. will soon put up its new head frame. Capt. G. A. Anderson is in charge. The Cuyuna-Duluth mine at Ironton, is working steadily, opening up another level. The Cuyuna-Mille Lacs is getting out considerable ore. The Cuyuna Iron & Manganese Ore Co., from advance royalties received, has declared a dividend amounting to three per cent of the par value of the stock.

## AUTOMOBILE CLUB ELECTION

John F. Woodhead Heads Club, State Association Asked to Have Annual Tour to Brainerd

The Brainerd Auto Association held its annual meeting Friday evening and elected John F. Woodhead, president of the Woodhead Auto Co., president of the organization. Mr. Woodhead is one of the young, progressive members of the club and an energetic business man.

Clarence A. Olson was elected vice president, C. E. Hansing secretary. The board of governors includes D. C. Peacock, Dr. J. A. Thabes, G. W. Smith, Dr. Werner Hemstead and G. S. Swanson.

An invitation was ordered extended to the state association to hold its annual tour in June to Brainerd. The club now has 65 members. The board of governors is considering placing proper signs on all roads of the county.

## SUPPLIES BY MAIL OR EXPRESS

Public Examiner Informs Auditors as to Methods of Sending and Fees to be Collected

Clerks or judges of election entrusted with the return of the ballots to the county auditor, when they live more than ten miles from the county seat, may only collect mileage to the nearest postoffice, though they can get the \$1 allowed for the service. Officials living within ten miles of the county seat may personally present the returns, collecting mileage and the \$1.

The supplies are to be sent by registered mail or express to officials living more than ten miles from the county seat and no mileage or expense is allowed the man receiving them but those living within ten miles of the county seat may collect \$1 and mileage for coming in after the supplies. There are the rulings made by Public Examiner Fritz. Though two elections are to be held on March 14, only one fee will be allowed the officials.

## MUSIC AND DRAMA

### At the Best

Tonight the great emotional star, Nance O'Neil, again appears in the exceptional Wm. Fox photo play, "A Woman's Past." In this the great court scene is shown and people in the audience last night recognized friends of theirs in this scene.

Tomorrow William Faversham appears in "One Million Dollars," a play which has its beginning in India, and then the scene shifts to New York. A play which shows the wonderful magic of Indian in a startling way.

Monday the well-known actress, Alice Brady, in "The Rack."

## ELECTION DAY DATA Tuesday, March 14

No registration required.  
Vote at your usual voting place.  
Polls open in cities at 6 a. m.  
Polls open in towns and villages at 9 a. m.  
Polls close in cities, towns and villages at 9 p. m.  
Polls will be open in every precinct in the state.

## BILL BONE TO SPEAK

Final Number of the Lyceum Course to be Given at Camels Hall on Saturday Evening

Bill Bone is the final number of the Lyceum course of six entertainments given by the Baracas of the First Baptist church, and from all reports, has given satisfaction wherever he has made an appearance. One has the following to say, "We all realized it was no dry and bleached bone we were allowed to pick—marrow and meat all over—and any one who could not smile with Bill in his 'Wrinkles,' ought to be hit with the bone Samson used on the Philistines."

Bill Bone will appear at Camels Hall Saturday evening, March 11, and owing to the stores being open, the entertainment will not start until about 8:45 o'clock. If you are not going to use your ticket, give it to someone else.

Bill Bone's overwhelming marks of distinction include these:  
First—I do not look like anyone else. This I prize as a great distinction when I think of the ninety millions of people in the United States, not to mention China, Japan and the Philippine Islands, whom I do not resemble.

Second—I write poetry. This is truly marvellous when one thinks of the millions of people who do not write it.

Third—I read my own poetry. This takes courage when I have friends I can not even hire to read it.

Fourth—Most poets have long hair. I tried to have it, but when I let my hair come out—it wouldn't stop.

Fifth—Some folks like to be praised and puffed up. It would embarrass me to "be made over," yet I know I ought to be.

Sixth—Not a few love to sit in high places and be looked up to. I'd get as much pleasure in sitting on a pin as a pinnacle.

Seventh—I am not a platform cyclone and was never accused of being funnel shaped. In fact, I haven't tried to blow up a storm of applause since I blew out the gas. I merely huff from Illinois.

Eighth—I realize that I am far

## CHIROPRACTIC

After all that has been said and promised by the unscrupulous, that drugless treatments—of any kind—do not hurt, there is still pain in some cases to reach the cause and do you any good. Any one who has had any experience with drugless practitioners will bear me out in that statement. Mind you I said in some cases. A very large majority of my patients would smile at the suggestion that my treatments are severe, and they ought to know from experience.

It all depends upon the nature of the ailment, condition of the patient, disposition, etc. It doesn't take much to hurt some people, or start them to thinking and expressing themselves in exaggerated terms. But in any case they are not as severe as many who have never taken them, but who have heard from "they say," would have you believe. In all cases from the cradle to old age, I will treat you as lightly as you would have me. But in those cases where time and money are important, I like to be told to use my good judgment to get results.

from being a Napoleon of the platform—merely the Bon-a-partie of it.

## A MERCILESS JUDGE

One Who Shows No Favor

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Brainerd resident has withstood this sternest of all tests.

William Wick, R. F. D. No. 4, W. Brainerd, says: "I had kidney and bladder trouble and nothing seemed to benefit me. My back was so bad at times that I couldn't stoop or straighten after I had been sitting for awhile. I got Doan's Kidney Pills at H. P. Dunn's drug store and they fixed me up in good shape."

**A PERMANENT CURE**  
Over three years later, Mr. Wick said: "I am glad to say the cure Doan's Kidney Pills made has been permanent."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wick has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

## Puffs.

"Miss Footlittle's reputation and her complexion are very much alike."

"Meaning that they are both brilliant, eh?"

"No; they are both made with a puff."—Exchange.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## LODGES MUST PAY TAXES

Exemption Laws Are Nullified by Constitutional Change.

Bismarck, N. D., March 11.—Under orders issued homes of fraternal orders, heretofore exempt from taxation, must pay taxes. Attorney General Linde has held laws exempting them are nullified by a constitutional amendment adopted two years ago. The ruling hits every fraternal order in the state.

Wanted—Piano tuning and repairs at Twin City prices. Player pianos a specialty, all work guaranteed. Endorsed by members of European Concert Co. Telephone 605-J. 2291f

## HENRY G. DAVIS PASSES AWAY

His Death Removes One of Nation's Prominent Men.

### RAN FOR VICE PRESIDENT

Served in United States Senate—Began Career on Farm—After Success in Railroad Business Amassed Fortune in Coal and Lumber Enterprises.

Washington, March 11.—Henry Gassaway Davis, former United States senator from West Virginia and vice presidential candidate on the Democratic ticket in 1904, died here after a brief illness, aged ninety-three years.

Henry Gassaway Davis, was another striking example of the opportunities this country offers to the poor boy with nothing but pluck and brains to aid him. Born without a dollar, he amassed a fortune, was elected to a seat in the United States senate and was honored with the nomination of vice president.

Mr. Davis was born Nov. 16, 1823, in the little town of Woodstock, a few miles from Baltimore on the old main line of the Baltimore and Ohio railroad. There were no free schools in Maryland when he was a boy, and the straitened circumstances in which the death of his father, Caleb Davis, who had been a soldier in the war of 1812, left his family made it impossible for them all to be sent to pay schools. Young Henry surrendered the opportunity for a school education to his younger brothers and the rudiments of an education which he ac-

HENRY GASSAWAY DAVIS.

quired were largely from his mother, who was in many respects a woman of unusual character.

#### Got Job on Farm.

Former Governor Howard of Maryland gave Mr. Davis his start in life by employing him as a boy on his farm. The railroad business in the United States was then in its infancy. Later Young Davis got a job as brakeman on the Baltimore and Ohio railroad.

When he was twenty-four years old Mr. Davis was made superintendent in charge of the running of all trains on the road. In 1853 he married Miss Katz of Frederick, Md., who remained his constant companion through nearly fifty years of married life until her death in December, 1902.

Soon after his marriage Mr. Davis was made the agent of the Baltimore and Ohio at Piedmont. He had not been stationed at this place long before he realized that there were splendid opportunities for building a successful business in the shipping of coal and lumber. He sent for his brother, William R. Davis, and established him in this business. A year later he left the Baltimore and Ohio and became the head of the firm of Davis Brothers, devoting all of his attention to the development of the business.

#### Elected to United States Senate.

After serving in the assembly and senate in West Virginia Mr. Davis in 1870 was offered the nomination for congress from his district, but refused it, and the following winter he was elected to the United States senate and took his seat on March 4, 1871. He continued to serve in the senate for twelve years, being re-elected for the second term of six years in 1876 almost without opposition, many of the Republican members of the state legislature voting for him.

He was the Democratic nominee for vice president in 1904, running with Alton B. Parker.

The Democratic national convention in that year was held in St. Louis. The nomination of Mr. Davis came on the first ballot, taken shortly after midnight, July 10, after Alton B. Parker had received the nomination for president.

The election resulted in a decisive defeat for the Democratic ticket, Roosevelt and Fairbanks, the Republican nominees, received an electoral vote of 336 to 140 for Parker and Davis.

Jess Willard, Heavyweight Champion

### A BANKER AND NEWSPAPER MAN ARE RUNNING MATES.

J. B. Galarneault, well known banker of Aitkin, Minn., Democratic nominee for district delegate to the national convention, is acquainted throughout the Sixth district. He has been prominent in business and political circles in Northern Minnesota for many years. When but twenty-three years old he was county superintendent of schools in Benton county. Since then he has filled many positions of public trust. During the Johnson administration he was state superintendent of banks. He has been recognized as a man of influence in Democratic state circles for many years.

Fred Schilpin, the other Democratic conference nominee for district delegate in the Sixth, has long been identified with the Democratic party in this district and state. He is one of the well known newspaper men of the state, being the business manager and one of the owners of the St. Cloud Daily Times. When the Sixth congressional district included Duluth as well as St. Cloud he served for many years as chairman or secretary of the congressional committee. Since then he has for years been a member of the executive committee of the Democratic state central committee.

## PUBLIC OPINION TO PREVENT WAR

Conflicts Always the Result of Political Differences.

### ENTIRE NATION IS DIVIDED.

No One Should Be Horrified Because One Party or the Other Uses the European Struggle to Foster Its Own Interests—All Want Firm Dealing With Both England and Germany.

By ARTHUR W. DUNN.

Washington, March 11.—[Special.]—Mixed situations in dealing with the problems of the war in Europe have grown out of the diverse opinions of American people and the desire of certain persons to make political capital out of war conditions.

No one need to shudder or become horrified at the idea of using war for political purposes.

It has been done ever since the dawn of our history.

Our greatest and most patriotic war, the one over which the people of both sides glow with patriotic pride and speak of in quiver voices when they are fully wrought up, was a war of politicians for politicians for political purposes. The war of 1812 was political, fostered by the eminent patriot Henry Clay for the purpose of making him speaker and giving him control of his party. The Mexican war was political and for the purpose of gaining more territory. The Spanish war was political and urged by the Republicans when Cleveland was president and by the Democrats when McKinley was president.

#### Not of One Mind.

The people of this country are not of one mind. They are for and against the allies and for and against the central powers. They are demanding the enforcement of all American rights, but they do not want the country plunged into war. They want firm dealing with Germany on the submarine question, but they do not want war with Germany. They want England to stop interfering with our commerce, but they do not want war with England.

It can thus be seen that the rather complicated situation in congress is but a reflex of the conditions throughout the country.

#### Are They Cowardly?

"There is nothing so cowardly as the average politician except the average business man," remarked Senator Thomas of Colorado. The average congressman, assuming he is a politician, does not want to go contrary to the wishes of his people or any considerable number of them. He attempts often to sidestep, straddle, carry water on both shoulders or in some way keep in with all influential factions in his district and at the same time do the

best he can for the country. Self preservation is his first law. Maybe it is cowardly, but if he is defeated in the next election because he is brave there will be mighty few laurels laid on his political grave.

#### Power of the President.

In connection with this alleged cowardice let it be understood where the power of the president is exerted and why it is that many men have to follow him. If a man refuses to follow the president there arises in his district a candidate against him, who uses the slogan that the sitting member does not "uphold the hands of the president, the head of the party." At once he has all the officeholders in the district with him and against the member, even if those officeholders have been appointed on the recommendation of the congressman. In many instances the man who fails to stand by the president is defeated. Many members sacrifice their convictions and vote with the president on this account.

#### Rapping Efficiency Experts.

During the discussion of the appropriation of \$50,000 for efficiency experts in the government reference was made to the Taft efficiency commission which it was shown cost over \$300,000. Minority Leader Mann asserted that the most important suggestion made by that commission was the use of so called window envelopes. "That was the most important thing it ever did," said Mann, "and they could not get anybody to adopt them because it was

## The Supremacy of Peruna as a Household Remedy

### 44 Years of Leadership

**Returned to His Work.**  
Mr. Julien Gondeau, Ewingville, La., suffered with catarrh of the stomach. He did not know what his trouble was. He was unable to work. Could hardly eat anything. After taking Peruna a short time he is now in perfect health. He says: "I am now doing all my work. I am confident that any one suffering as I was could be cured by Peruna."

**Every Change of Weather.**  
Mr. E. Arnold, Westerville, R. I., contracted a severe cold. The cold settled in his side and produced a condition that was thought to be pleurisy. Every change of weather would bring a return of his trouble. After taking Peruna all his ailments have vanished.

**Pain in the Stomach.**  
Mr. Henry Knack, Box 820, No. 1118 S. Vista Ave., Janesville, Wis., writes: "I wrote you about four weeks ago that I had a pain in my stomach. I followed your advice, and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."

**A Housewife Restored.**  
Mrs. R. W. Copelan, Box 22, Greensboro, Ga., suffered several years with catarrh of the stomach. She was in such poor health she could not attend to her household duties at all. Peruna was recommended by neighbors. She was induced to begin the use of Peruna. She says: "After taking five bottles of Peruna I am happy to say that I am entirely cured. My indigestion is entirely gone."

**Once a Chronic Invalid.**  
Mrs. F. Riker, 503 Grant Ave., East Cedar Falls, Iowa, was once a chronic invalid. Four different doctors had been consulted without avail. She had taken five different medicines that had been recommended, without improvement. Peruna was tried and the good result was prompt and lasting.

**Expresses Her Gratitude.**  
Mrs. Samuel Ruth, 525 Union Ave., Lebanon, Pa., is able to say positively that she has been cured by Peruna. She can scarcely find words to express her gratitude for her recovery. For many years she had been a semi-invalid from chronic catarrh.

Three substantial men, heads of families, made efficient once more by Peruna. Three housewives restored to their families. These are only samples of what Peruna is doing every day, everywhere. Surely, this is a splendid work. Anything that conserves family life and makes the home more desirable and comfortable, nourishes the heart root of civilization. Peruna is a great civilizer.

discovered that they were more expensive than the other kind."

#### He Remembered Baltimore.

A measure was under consideration relating to the cost and expenses of administering an office of the government in Baltimore, and Stafford of Wisconsin made a statement that might be construed as a criticism.

"Why do you make this assault on Baltimore now," interrupted Sloan of Nebraska, "at this particular time, after it has lost every plank in its platform?"

#### What Tillman Has Learned.

"During my twenty-one years of service," remarked Senator Tillman, in a rather scolding manner to the senate, "I have learned a good many things about the senate and its method of doing business. When it wants to do a thing it can do business as rapidly as any legislative body in the world, but it can also practice the game of 'how not to do it' with more skill than any other body in the world."

### SOCIALISTS TO TALK PEACE

International Committee Calls Conference to Meet in Holland in April.

Copenhagen, March 11.—The Danish Socialist party has received an invitation from the international Socialist committee of Berne to participate in a new international peace conference in Holland in April. The invitation letter says German, Austrian and French Socialists are to attend.

#### Some Nautical Facts.

A knot is 6,080 feet long. The distance from New York to Liverpool is 3,064 nautical miles by the northern track and 3,129 by the southern track. The former course is taken by vessels bound for New York, the latter by vessels bound for Liverpool. From Liverpool to New York the distances are respectively 3,039 and 3,100 miles.

In estimating records the points taken on either side are Sandy Hook and Daunt's rock, Queenstown harbor. The first light sighted on the British coast is the Bull, Cow and Calfr. Ireland, and on the American coast either Nantucket or Fire Island—New York Globe.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

#### The Question.

The woman had decided to run for office and was about to cast her hat into the ring.

But here a delicate question arose. "Will a very stylish hat make votes or alienate them?"

And that was a question that no mere man could answer.—Louisville Courier-Journal.
